Dear Mr. Winograd:

On behalf of the Nassau County Medical Society and the Nassau Academy of Medicine Education Committee I would like to take this opportunity to thank you for helping to set up and present the "Right to Die" seminar.

I am sure the horrific weather conditions had a negative impact on attendance. However, I reviewed the comment sheets returned by the attendees and the program was very well received with most giving an "Excellent" grade.

I am confident that we can continue to develop programs covering medicine and the law as part of the continuing cooperative efforts of the Nassau County Medical Society and the Nassau County Bar Association.

Again, thank you for a most informative and educational program.

Sincerely,

Mark J. Cappola
Executive Director
